

Form No. 2017 – QA03
Recipient: Customers
From: Dow Corning Korea
Subject: 210L Plastic Drum Specification Minor Change
Date: 11/Jan/2017

Dear Customer:

We at Dow Corning strongly value our relationship and strive to provide you with the service, product quality, supply, and regulatory support that you need.

We would like to inform that 210L plastic drums with Rolling Hoops (or Reinforcement Rings) will be replaced with straight type drums as below figure starting from Jan 2017. There will be no raw material change or performance degradation of plastic drum.

Targeted product list is attached as an appendix.

Best Regards,

Iris Park
